An irate editor down East shouts, "Call in your old free passes; its safer walking these days anyway."

Geranium is employed in making gardens at Fort Pickens. He expects to raise cabbage this year instead of scalps.

Queen Victoria's jubilee will be officially celebrated in Canada on the 21st of June, the authorities of the various cities having agreed upon that day.

The Rev. John White, a colored preacher of Arkansas, who will be 102 years old in July, has been married to Miss Edie Smith, a maiden of 65 summers.

C. V. Baxter, an experienced and successful druggist at De Witt, Iowa, says one family there created an immense sale for Chamberlain's Cough Remedy, by using and recommending it to their neighbors during their whooping cough. Now it sells rapidly on its merits. It has no equal for coughs, colds and croup. Sold at Longley's drug store.

A man digging a well at Bitzville, W. T., came upon an immense underground cavity, whence a strong breeze blows constantly, with a noise like the humming of telegraph wires.

A lot on Broadway, New York City, 25x100 feet, sold this week for \$356,200. That is a little more than \$142 per square foot.

A Boston man arraigned for crime offered to prove "a lullaby," as he was at the time "at home taking care of the baby."

At Bismarck, the other day a large bear was seen perched on a cake of ice borne on the bosom of the raging Missouri, calmly surveying the scene of destruction wrought by the floods. Bruin was entitled to the cake; and, it may be added, his appearance was an omen of the turning of the tide.

### Liver Pills

Use Dr. Gunn's Improved Liver Pills for Sallow Complexion, Pimples on the Face and Biliousness. Never sickens or gripes. Sample bottle 5 cent at A. F. Streit's.

Senator Edmunds' remark that a good many things may happen within the next two years, sums up about all that the ablest politician feels it safe to predict just at present. Senator Edmunds is bound to be on the right side in his prophecies.

It is to be hoped that the defalcation of the book-keeper of Mark Twain's publishing house won't interfere with the flow of Mark's humor. Mark will have to imitate Mark Tapley whose irrepresible jollity always showed itself at its best when his affairs were at their worst.

### Now Has Faith.

I had been troubled all winter with cold and pain in the chest and got no relief from remedies recommended by Druggists and Physicians. At the same time I was advertising Dr. Bosanko's Cough and Lung Syrup. I had little faith, but thought to try it as a last resort. Now I believe even more than they tell me of its curative qualities. [From the News, Elizabeth, Ky.] Sample bottles 5 cents at A. F. Streit's Drug Store.

The Emperor of Germany attained his nineteenth year on the 22d of March. Judging by the frequent allusions to his birthday anniversary it seems as though he must celebrate several in a year. No monarch of his age ever had more birthday parties or shorter twelvemonths between them than the good old Kaiser.

Mrs. John Sherwood works herself up into a fine frenzy all because American women are tabooed as ineligible to the court balls given in London. According to Mrs. Sherwood, this slighting of the American people is a far more grievous question. Perhaps she can persuade Mrs. Cleveland to call an extra session.

### Saved His Life.

Mr. D. I. Wilcoxson, of Horse Cave Ky., says he was, for many years, badly afflicted with Palsie, also Diabetes; the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from first bottle and after taking six bottles, was entirely cured, and had gained in flesh eighteen pounds. Says he positively believes he would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by Gray & Co.

Don Jose Sevilla, a Peruvian by birth, but a naturalized citizen of the United States, died at Lima recently, leaving a fortune of \$3,000,000. As a work of gratitude to the city of New York, where he resided for many years, he left a bequest of \$500,000 for the founding of a home to educate poor children which will bear his name in that city.

Anarchists go on whining about "the poverty-stricken workmen of America," and the true workmen of the country go on piling up their savings and making themselves comfortable homes. The State savings banks of the State of New York alone have \$482,485,730 money made up of small deposits. Such facts talk louder and more to the point than the bellying of men too lazy to work.

### Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs, and Colds, but be sure you get the genuine. Because he can make more profit he will tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottle free at Gray & Co's drug store.

The Hon. D. Manning has gone to Europe, but he will likely be in hallooing distance of the National Democratic Convention in 1888.

Senator Sherman's wife is one of the women at Washington who would rather live elsewhere. She prefers her home at Mansfield, O., although she has lived in Washington almost continuously for thirty-one years.

W. A. Work, Sec'y of the Iowa Traveling Men's Association, says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as one of the safest and best medicines before the public for all cramps, pain in the stomach or bowels, cholera morosa, or diarrhoea. I have used this medicine personally." Sold at Longley's drug store.

Charles Lux, the California cattle millionaire, died at San Francisco, Tuesday. He owned 700,000 acres of land worth \$10,000,000 and had 80,000 head of cattle. Over 700 miles of private telegraph lines connected his ranches.

One thing in the Providence Railroad's favor is that the stove doors were securely locked when examined after the disaster at Forest Hill. Notwithstanding the strain all but one of these were held in place and saved the passengers not killed outright from being burned to death.

A Brussels theater manager has succeeded in persuading all the ladies to remove their hats during the performance. He posted in a conspicuous place in the vestibule a notice reading: "Only ladies of a certain age will be allowed to wear bonnets in this establishment." The uncertainty of the "certain age" took off all the bonnets.

Mr. William Westlake, stock raiser and breeder of thoroughbred horses, living near Avoca, Neb., was badly injured by being thrown from a sulky. After being treated by physicians and consulting physicians, without being afforded any relief, he obtained a bottle of Chamberlain's Pain Balm from the druggist at Avoca which he began using and noticed a change for the better after two applications; in two weeks he entirely recovered the use of his arm. It is unequalled for severe bruises and sprains, rheumatism and lame back. Sold at Longley's drug store.

Gen. Sheridan has a sunny corner room in the new War Department building fitted up with furniture of his own choosing. Several cabinets are filled with Indian pottery and curios, and the walls are covered with paintings of Western scenery with buffaloes and Indians in the foreground. Black Kettle's war belt is as dear to him as a peachblow vase, and a Sioux war club is the chief treasure in the collection.

### Rheumatism and Neuralgia Cured in 2 Days.

THE INDIANA CHEMICAL CO. have discovered a compound which acts with truly marvelous rapidity in the cure of Rheumatism and Neuralgia. We guarantee to cure any and every case of acute rheumatism and neuralgia in TWO DAYS, and to give immediate relief in chronic cases and effect a speedy cure. On receipt of 30 cents, in two cent stamps, we will send to any address the prescription for this wonderful compound, which can be filled by your home druggist at small cost. We take this means of giving our discovery to the public instead of putting it out as a patent medicine, it being much less expensive. We will gladly refund money if satisfaction is not given.

THE INDIANA CHEMICAL CO.,

CRAWFORDVILLE, IND.

There is one very suggestive fact in connection with the boom and the closing of saloons in Sioux City, Iowa, according to the Journal newspaper of that place. It says that the persons lately engaged in the saloon business there are not acting on the argument used by them a little while ago, to the effect that closing the saloons would ruin the town, but are, on the contrary, acting on the opposite theory. That is to say, a multitude of instances might be cited where ex-saloon-keepers have been heavy investors in Sioux City real estate or are engaged now in extensive building operations or plans for such operations. Such is the absolute fact, and it requires a profound logician to interpret its significance.

### FREE TRADE.

The reduction of internal revenue and the taking off of stamps from proprietary medicines no doubt has largely benefited the consumer, as well as relieving the burden of home manufacturers. Especially in this case with GRAY'S AUGUST FLOWER and BOSANKO'S GERMAN SYRUP, as the reduction of thirty-six cents per dozen has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for dyspepsia and liver complaint and German Syrup for cough and lung troubles, have perhaps the largest sales of any medicines in the world. The advantage of increased size of bottles will be greatly appreciated by the sick and afflicted in every town and village in civilized countries. Sample bottles for ten cents remain the same size.

Chicago special: The managers of several of the principal roads leading out of Chicago anticipate some trouble in inducing holders of annual passes of one kind and another to surrender their passes when the inter-state commerce bill goes into effect. Many of these passes have been issued by virtue of contracts for advertising, freight shipments and services rendered in other directions, and it is thought that the holders will plead such contracts as a reason why they should respond to a request to surrender. Private instructions have been given the conductors to take up all passes upon presentation and in case where the holder objects, to give him or her a printed receipt and notification to call upon the officers of the company, who will make a settlement for any claim which may be made.

Old and reliable medicine is the best to depend upon. Acher's Blood Purifier has been prescribed for years for all purities of the blood. In every form of Scrofula, Syphilitic or Mercurial diseases, it is invaluable. For Rheumatism has no equal. For sale by J. Q. Thacker.

At military headquarters in Omaha information has been received of the robbing of Paymaster D. N. Bush, at Antelope Springs Station, W. T. Major Bush, accompanied by his nephew, D. F. Bush, as clerk, and Private Martin Gregg left Douglas by stage on Thursday evening last with a valise containing \$7,500 in cash to pay off the troops at Fort McKinney. About 11 o'clock Friday morning they reached Antelope Springs, where they stopped for dinner, taking the valise inside the station with them and setting it in full sight near the door. While they were eating a cowboy, named Charley Parker, snatched the valise containing the money, and mounting a spirited horse, sped away. The party rushed out and fired several shots at the fugitive, but failed to reach him. Parker is a notorious character in the West, and is wanted for murder in Texas. Major Bush returned to Douglas, and notified the military authorities of the neighboring departments of the theft, and offered a reward of \$1,000 for the capture of the thief and the money. A close watch has been established on all the eastern avenues of escape, and he may yet be nabbed. He is about 23 years old 5 feet eight inches high, and of light complexion. He rode a magnificent bay horse, and was heavily armed.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and affording a permanent cure. Price fifty cents. Address the Dr. Bosanko Medicine Co., Piqua Ohio. Sold by A. F. Streit.

## BLACK WOLF!

Or Black Leprosy, is a disease which is considered incurable, but it has yielded to the curative properties of SWIFT'S SPECIFIC—now known all over the world as S. S. S. Mrs. Bailey, of West Somerville, Mass., near Boston, was attacked several years ago with this hideous black eruption, and was treated by the best medical talent, who could only say that the disease was a species of LEPROSY and consequently incurable. It was impossible to describe her sufferings. Her body from the crown of her head to the soles of her feet was a mass of decay, the festering and oozing from her cavities. Her fingers festered and several nails dropped off at one time. Her limbs contracted by the fearful ulceration, and for years she did not leave her bed. Her weight was reduced from 120 to 60 lbs. Some kind friend of her condition can be gleaned from the fact that three pounds of Consolide or ointment were used per week in dressing her sores. Finally the physicians acknowledged their defeat by this Black Wolf, and commended the sufferer to her all-wise Creator.

Her husband hearing wonderful reports of Swift's Specific (S. S. S.), prevailed on her to try it as a last resort. She began its use under protest, but soon found that her system was being relieved of the poison, as the sores assumed a red and healthy color, although the blood was becoming more active. Mrs. Bailey continued the S. S. S. until February every sore was healed; she discarded chair and crutches, and was for the first time in 12 years a well woman. Her husband, Mr. G. A. Bailey, is a resident at 1711 Broadway Street, Boston, and will take pleasure in giving the details of this wonderful cure. Treatise on Blood and Skin Diseases, mailed free.

## FOR MAN AND BEAST!

## Mexican Mustang Liniment

CURBS  
Scalds, Sprains, Contracted Muscles, Bruises, Rheumatism, Eruptions, Burns, Stitches, Hoof Ail, Stiff Joints, Scum, Swells, Backache, Worms, Bites, Galls, Swinney, Bruises, Sores, Saddle Galls, Eczema, Spavin, Fila.

THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine. The Housewife needs it in case of accident. The Carpenter needs it for general family use. The Mechanic needs it always on his work bench. The Miner needs it in case of emergency. The Pioneer needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stock yard. The Steamboat man or the Boatman needs it in liberal supply about and ashore. The Horse-fancier needs it—it is his best friend and safest reliance. The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it as long as his life is a round of accidents and dangers. The Blackwoodman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer. The Merchant needs it about his store among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once. Keep a Bottle in the House. 'Tis the best of economy. Keep a Bottle in the Factory, for immediate use in case of accident save pain and loss of wages. Keep a Bottle Always in the Stable for use when wanted.
